

RAMO

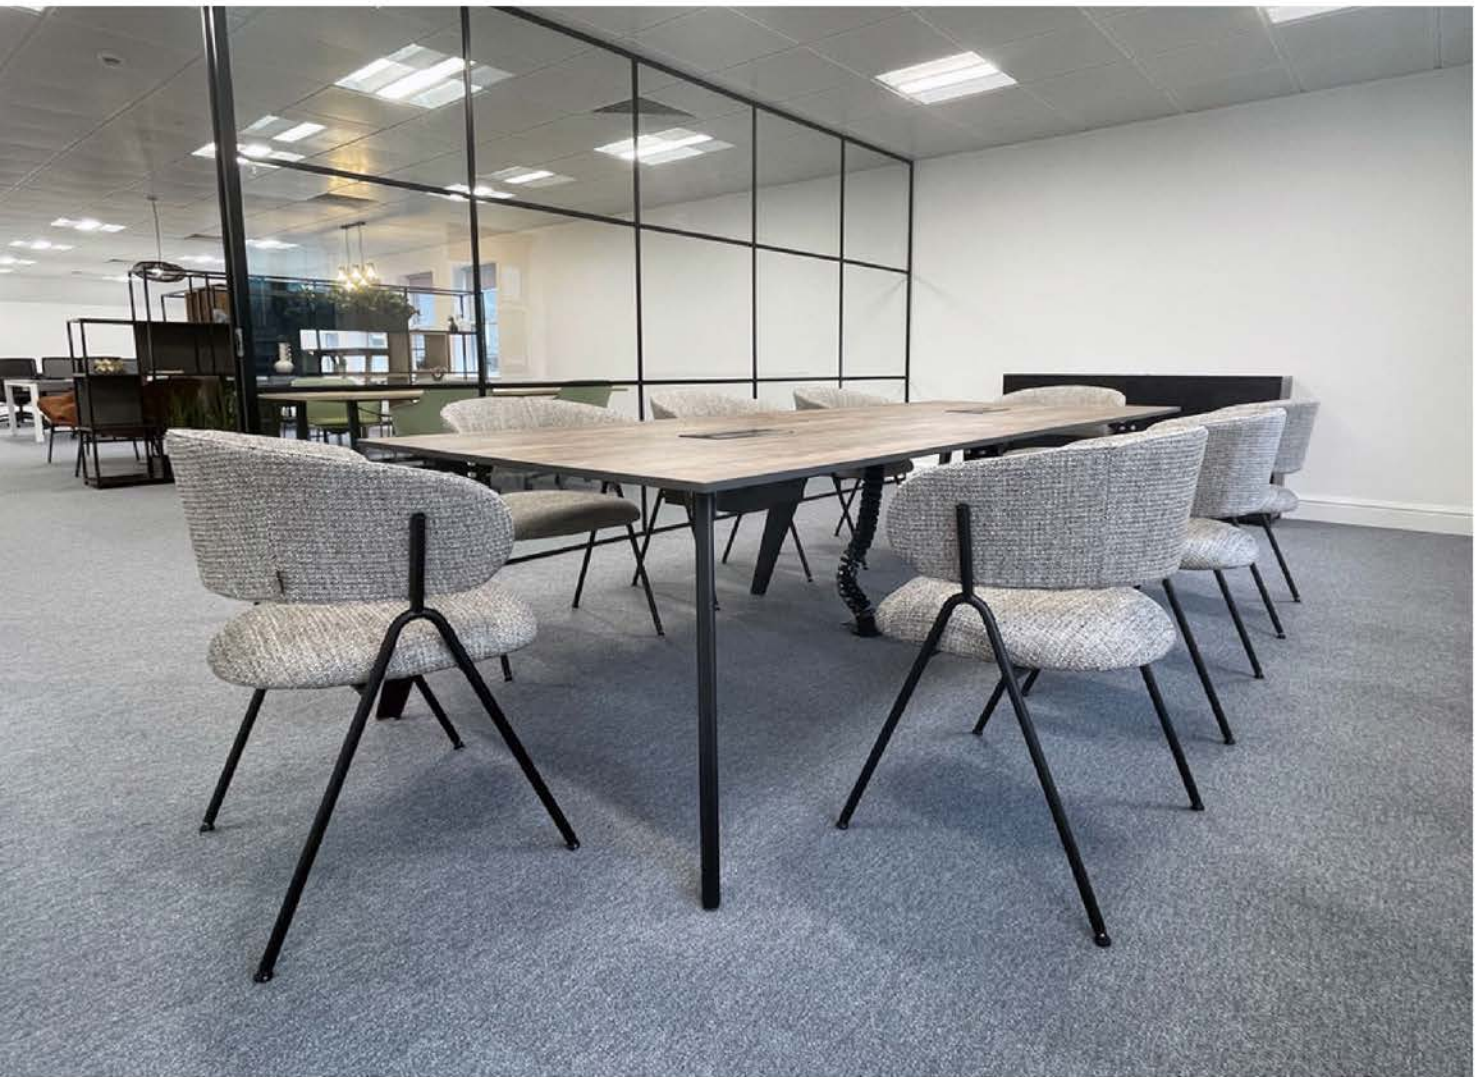

insieme
TOGETHER

Ramo Meet is a modular meeting/boardroom table system. The slim profile of the connecting rails increases knee space around the entire perimeter of the tabletop. Cleverly designed intermediate legs provide support on long spans and assist when splicing together multiple table tops. Ramo Meet is available in 4, 6 and 8 legged configurations.

The Ramo range expands from coffee and dining tables to boardrooms, meetings tables, and even workstations.

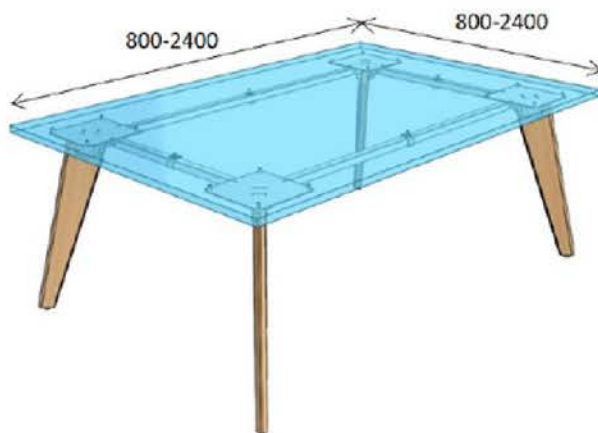

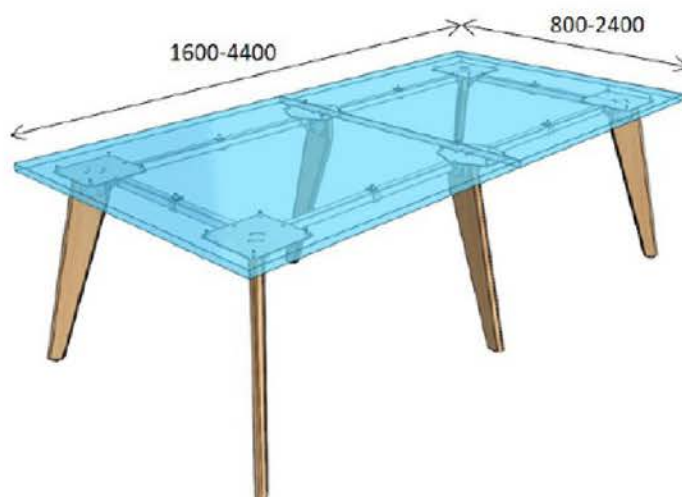

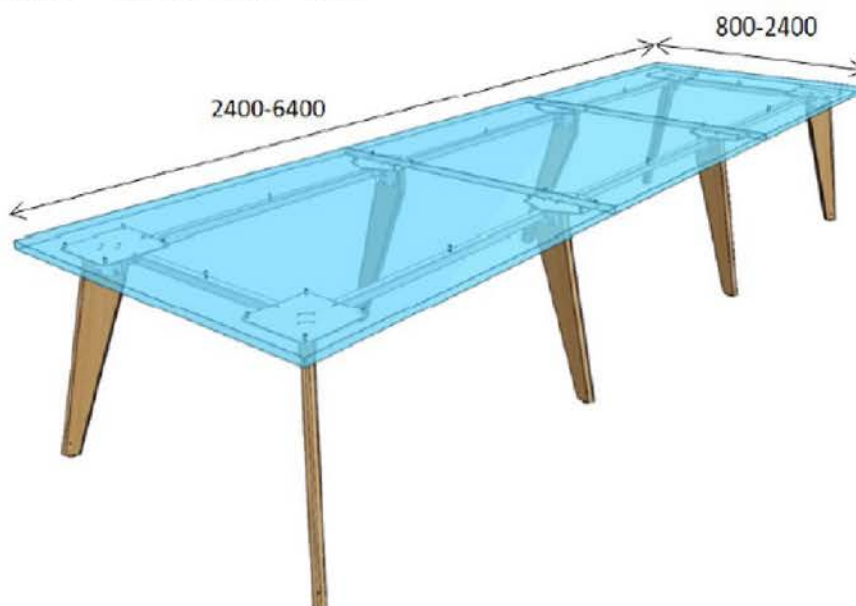

Ramo 4-leg table - one piece top

Ramo 6-leg table - two piece top

Ramo 8 leg table - three piece top
